CREATE A BUDGET

NAME:_____

Find employment opportunities in the greater Seattle area (Seattle and surrounding suburbs).

Some good places to look:
- Indeed.com
- Glassdoor.com
- Employer websites (i.e. Microsoft, Swedish, Cheesecake Factory, etc.)

Find a job in each of the following categories and fill in the table. If there is no salary listed, search for an average salary for that position.

	Job Title & Short Description	Employer	Address	Listed Wages	Calculate Monthly Wages	Calculate Annual Wages
Food/Hospitality/ Retail						
Tech						
Healthcare						
Construction/Trade						
Your Choice						

Which job sounds the most interesting to you? Why?

Which job do you have the least interest in? Why?

Which job seems like the best job financially? How important is this to you?

Pick one of these job as the job to use as a reference this year:

The job I choose is_____

I will receive a paycheck of $_____ every **month**.

I chose this job because:_____
